

ELECTRICAL SAFETY PROGRAM DEVELOPMENT

The service includes a thorough review of existing policies, culminating in an updated program compliant with OSHA requirements and the current edition of NFPA 70E. The finalized program will incorporate specific guidelines for employees and contractors, addressing shock and arc flash hazards. Deliverables will be provided in both editable digital format and hard copy upon request.

■ The project deliverables will include:

1. Detailed review of any current policies and procedures.
2. Delivery of an updated written Electrical Safety Program that addresses Shock and Arc Flash Hazards in accordance with applicable OSHA requirements and the NEW 2024 Edition of NFPA 70E, Standard for Electrical Safety in the Workplace.
3. The Updated Electrical Safety Program will include specific guidelines and procedures for employees and clear guidelines and requirements for any contractor performing tasks that may involve electrical hazards while on client managed premises.
4. Final documents will be delivered in editable digital format and hard copy, upon request.

■ The proposed project will include the following tasks:

INITIAL CONSULTATION: Conducted via Site Visit or Virtual Meeting to discuss organization-specific items including, but not limited to:

- Qualified Personnel
- Other Employees
- Arc Flash & Shock Hazard Potentials
- Equipment Labeling
- Energized Electrical Work Permits
- Job Safety Plans
- Personal Protective Equipment
- Lockout / Tagout (LOTO) Procedures
- Risk Assessment Procedures
- Field Service Technicians & Personnel
- Training
- Outside Contractors and Service Personnel

PROGRAM DEVELOPMENT: Development of a comprehensive written Electrical Safety Program that details policies and procedures for:

- Arc Flash and Shock Hazards
- Risk Assessment Procedures
- Other Hazards associated with working on or near Electrical installations.
- Responsibilities for:
 - Qualified Electrical Workers
 - Unqualified Electrical Workers
 - Outside Contractors and Service Personnel.
 - Personal Protective Equipment
 - Required Documents
 - Training
 - Tools and Test Equipment

PROGRAM DELIVERY: Perform the following tasks to complete and deliver the program:

- Draft Review Meeting conducted via Site Visit or Virtual Meeting.
- Completion of Final Edits.
- Final Program Delivery.

Project Duration and Schedule of Payments:

The project will be complete within (4-6) weeks of initial consultation.

Pricing:

Please contact your sales representative.

Notes:

- Price includes On-site Initial and Draft Review Meetings held within one-hour driving distance of Ritter Safety offices or Virtual Meetings for client locations of greater distances.
- On-site meetings for clients located greater than one-hour driving distance from Ritter Safety may incur additional travel expenses.
