

# TAKE YOUR PROJECTS TO THE NEXT LEVEL WITH THE DIGITAL JOB CENTER

Your projects demand a great deal of attention and comprehensive oversight. We built the Digital Job Center (DJC) to offer you one centralized location to access everything you need. This tool provides complete transparency to your job and 24/7 access to all project information.

Contact your local sales rep or digital team to get started!

# SHIPMENT STATUS

Track material usage, shipment details, and all other information needed for your project.

- Detailed shipment statuses
- Product descriptions
- Shipped and available quantities
- Ship dates
- Tracking information
- OpCo notes
- Excel export

# REQUEST HISTORY

View every release request submitted for your project. Avoid time wasted trying to find information buried in emails.

- View release requests
- Track approvals or adjustments
- Access all communication with Project Manager

# DOCUMENTS

Easily search and filter through all of your project-specific documents.

- Submittals
- Drawings
- Operations & maintenance
- Material photos
- Packing slips
- Certificate of insurance

# PROJECT FINANCIALS

Keep track of your project spend. Track your current material spend, freight and tax spend, and the amount left to bill.

- Filter through awarded and completed projects
- Save clicks by using our project navigation tool

## NOTIFICATIONS

Opt in to be notified of updates made to your lighting or gear projects.

- Hourly, daily, weekly or monthly notifications
- Get notified when tracking, ship dates, and notes from your PM are updated or added
- You'll receive one summary email of all projects you've opted into
