SUB-ASSEMBLY

Reduce labor costs and increase production capacity

Let us be an extension of your team. Reallocate your resources to more profitable and higher priority projects, while we help you with high volume, sub-assembly work. This saves you resource capacity and can assist to improve your overall production costs.

OUR SOLUTIONS CENTER

As a dynamic facility and engineering hub, our knowledgeable and experienced team is committed to providing their expertise with assembly, enclosure modifications, controls engineering, and other services to support your needs. Whether we become an extension of your team or a full-service solution, our team is ready to deliver exceptional results.

SUB-ASSEMBLY SOLUTION

We specialize in providing accurate, quality service and support for sub-assembly projects.

Sub-assembly projects are high-volume, repeatable projects that involve a few components assembled to make one unit.

At our Solutions Center, our dedicated associates offer tailored services and solutions. Contact your nearest branch or email automation@echoelectric.com
